U.S. Border Patrol

Agent b6

This notice is to advise you, in accordance with the provisions of Title 5 C.F.R., Part 752 that I am proposing to suspend you from duty and pay for one (1) calendar day. The reason for this proposed action is as follows:

REASON 1: CONDUCTING AN UNAUTHORIZED VEHICLE STOP

Specification: On November 24, 2012 while on official duty operating a marked Government-Owned Vehicle (GOV), you were traveling westbound on Interstate 8 (I-8). As you approached within a close distance behind a silver Toyota Tacoma truck, the driver, (later known as b6 b6), tapped his breaks which required you to slow down and he did not move over into the right-hand lane. While continuing to travel at a close distance behind b6's vehicle, you briefly activated your emergency lights and as b6 began moving his vehicle over into the right-hand lane, you observed his vehicle swerve once. As you passed b6's vehicle, he began to follow you at a close distance while you were traveling at approximately 90 miles per hour. An investigation determined that you conducted an unauthorized vehicle stop.

REASON 2: SPEEDING IN A GOVERNMENT VEHICLE

Specification: On November 24, 2012 while on official duty operating a Government-Owned Vehicle (GOV), you were traveling westbound on Interstate 8 (I-8). In your sworn affidavit that you completed on December 14, 2012, you admitted that you were traveling at approximately 90 miles per hour in a 75 mile per hour zone.

Section 6.3.4 of the Customs and Border Protection's (CBP) Standards of Conduct provides that, "employees will not use the authority of their position in any way that might result in adversely affecting public confidence in the integrity of CBP and of the government."

Section 6.9.4.3 of the Customs and Border Protection's Standards of Conduct states in part, "Any employee operating a GOV must observe all applicable state and local traffic laws consistent with the flexibility required for the conduct of law enforcement activities. Even then, employees are responsible for exercising due caution to ensure the safe operation of their "vehicle."

In proposing this action, I considered the nature and seriousness of your misconduct and its relationship to your duties and responsibilities as a Border Patrol Agent (BPA). As a BPA, prior to executing a vehicle stop, you are required to have a reasonable suspicion based on articulable facts that the person stopped is, was, or is about to be engaged in a violation of a law that you have authority to enforce. In your sworn affidavit that you completed on December 14, 2012, you were asked if you had reasonable suspicion or probable cause to stop the subject vehicle before you passed it and you stated in part, "...I didn't really feel I did at that point in time. Before I passed it, yeah, no. No."; however you briefly activate your emergency lights while you were traveling closely behind him. Additionally, once you passed his vehicle, you accelerated to a speed of approximately 90 miles per hour and continued traveling at that high rate of speed; thus, you were no longer observing the vehicle. Furthermore, you stated in your interview that one of the reasons you stopped [REDACTED] b6 was because he did not display any courtesy. You also told [REDACTED] b6 that it was courteous to yield to faster moving traffic. You also stated that while you were interacting with [REDACTED] b6 you did not believe he was engaged in any criminal activity and you believed that he was a United States citizen; however, you still requested [REDACTED] b6 driver's license to run a records check for wants and warrants. A records check was conducted on the vehicle; however, no records check was conducted for the wants and warrants. It was not until [REDACTED] b6 began traveling closely behind you to obtain the telephone number and other identifiers that you decided to initiate the vehicle stop. Given the facts of this incident, you did not establish a reasonable suspicion that a violation of law in which you have authority to enforce had occurred; therefore, the vehicle stop that you initiated was in violation of Title 8 of the United States Code. I also considered that as a BPA, you are expected to exercise good judgment and observe all applicable state and local traffic laws consistent with the flexibility to conduct law enforcement activities; however, you were not conducting any law enforcement activities which would have required you to exceed the posted speed limit. Additionally, while you were speeding in your GOV, you not only placed yourself at risk but you also placed the safety of the traveling public at risk. I considered the need to deter you from engaging in similar misconduct in the future. I also considered that your actions reflected negatively upon yourself and may have adversely affected the publics' trust and confidence in the integrity of the agency. I also considered your prior disciplinary record of an Official Reprimand received on June 9, 2011 for Absence Without Leave.

I also considered your experience as a BPA since December 13, 2007, your satisfactory work and performance; however, these mitigating factors do not outweigh your actions in this case. Accordingly, I find that this proposal is warranted and, if effected, will promote the efficiency of the Service.

This is only a proposal. You will be allowed ten (10) calendar days beginning the day after you receive this notice to request and/or provide the following:

1. You have the right to reply to this proposal orally and/or in writing, and to furnish affidavits and other documentary evidence in support of your reply. If you wish to answer the charge orally, you must arrange an appointment by contacting b6 at b6 or email b6. If you disagree with this proposed action, your reply should set forth reasons for your belief that this action should not take place.
2. If you believe the time period that has transpired between the alleged infraction(s) and the issuance of this proposal may affect your ability to present a proper or complete response, please explain the basis for your belief. If you need additional time to prepare a reply to this proposal, you may request an extension. A request for an extension must be made in writing and contain an explanation why additional time is needed. Extensions will not automatically be given, but rather will be based upon good cause shown.
3. You are entitled to be represented in this matter by an attorney, union representative, or other representative of your choice. You and/or your representative are entitled to review the material relied upon (enclosed) to support this action. You and your representative, if employed by this agency will be allowed a reasonable amount of official time to review the material on which this notice is based. Requests for official time must be submitted, in advance, to your supervisor for approval. In order for a representative to act on your behalf in this matter, you must submit a written designation of representation signed by you, identifying that person as your representative.

The Deciding Official is the Deputy Chief Patrol Agent. On behalf of the Deputy Chief Patrol Agent, address all correspondence, including any request for documentation, any written response, or any request for additional time you wish to make, to the following address and/or facsimile number:

Full consideration will be given to any answer and supporting evidence you submit. After your reply is received, or after expiration of the ten (10) calendar day time limit if you do not submit a reply, all available facts will be considered by the deciding official and a written decision will be furnished to you.

If for any reason, should the foregoing be related to any personal problems you may be experiencing, I encourage you to seek assistance through the Employee Assistance Program (EAP). By letter dated March 5, 2013, and received by you on March 7, 2013, you were informed by Assistant Chief Patrol Agent b6 that he proposed to suspend you from duty and pay for one (1) calendar day for the following Reasons:

1. CONDUCTING AN UNAUTHORIZED VEHICLE STOP

2. SPEEDING IN A GOVERNMENT VEHICLE

Careful consideration has been given to the Reasons set forth in the proposal notice and the evidence in support thereof. You were advised of your right to submit a written and/or oral reply. On May 22, 2013, you and your representative b6 1st Vice President, AFGE, Local 2595 presented an oral response to the proposed action and no written reply was received. A copy of the oral reply summary is enclosed.

In your oral reply, you stated that you do not believe you were doing anything unlawful or unauthorized. You also stated that while you were behind the driver (later identified as b6 b6), he swerved once, slammed on his breaks, and then chased you down after you passed him; therefore, you conducted a vehicle stop to check on b6 erratic and aggressive behavior. You also stated that while conducting the stop, you acted appropriately and professionally. You admitted that after passing b6 you accelerated your vehicle in an attempt to create distance between you and b6.

In reaching a final decision in this case, I considered the nature and seriousness of your misconduct and its relationship to your duties and responsibilities as a Border Patrol Agent. I also considered your length of service since December 13, 2007, and your satisfactory work performance. I considered your prior disciplinary record of an Official Reprimand received on June 9, 2011, for Absence Without Leave (AWOL).

I have carefully considered the reasons for the proposed action and have reviewed the contents of the case file, as well as your oral response. After considering all the relevant information, I have determined that Reason 1 and specification is not sustained. In your oral reply, you stated that while you were following behind [REDACTED] b6 he slammed on his brakes, swerved once, and after you passed his vehicle, he began following you at an unsafe distance. At that moment, you were unaware of [REDACTED] b6 intentions and conducted a vehicle stop. I have determined that Reason 2 and specification as stated in the proposal notice is sustained. In your sworn affidavit dated December 14, 2012, you admitted that you were traveling at approximately 90 miles per hour after passing [REDACTED] b6. Since Reason 1 and specification was not sustained, it is my decision to mitigate your one (1) calendar day suspension to a letter of reprimand to promote the efficiency of the Service. Therefore, this letter constitutes your official reprimand. Accordingly, copies of the notice of proposed one (1) calendar day suspension and this decision letter will be filed in your official personnel folder for a period of two (2) years from the date of this letter. If you should separate from Customs and Border Protection before the two-year period has expired, the letters will be removed and destroyed in accordance with applicable regulations.

This action is necessary to impress upon you the seriousness of your actions and to deter you from such future misconduct.

[REDACTED] b6 I must advise you that any future occurrences of this type or other misconduct on your part may result in a proposal of more severe disciplinary action against you.

If you are dissatisfied with my decision, you have the right to dispute my decision in accordance with the provisions of Article 32 I (1) of the Negotiated Agreement. Please refer to that article for instructions on how to pursue this option.

As an alternative to the above grievance procedure, if you believe that this action is based on discrimination because of your race, color, religion, national origin, sex, age, disability, genetic information or reprisal, you may file a complaint with the U.S. Customs and Border Protection, Office of Diversity and Civil Rights (DCR), in accordance with the EEO discrimination complaint procedures found in 29 CFR Part 1614. If you believe this action is based on discrimination because of your sexual orientation or parental status, you may file a complaint pursuant to DHS' modified complaint procedure. In either situation, you must seek EEO counseling from DCR within 45 calendar days of the effective date of this action.

Please sign the receipt acknowledgment copy of this letter as evidence that you have received it. Your signature does not mean that you agree or disagree with the contents of this memorandum, and by signing; you do not forfeit any of your rights cited above.

If you have any questions concerning your rights or other procedures contained in this notice, you may contact b6 Labor and Employee Relations Specialist, 7102 East 30th Street, Suite 104, Yuma, Arizona 85365 or telephone b6
